

**1. Identification**

Product Code **CP8360-58**

Product Name **PUMICE STONE LUMP**

CAS Number 1332-09-8

Supplier:  **BEECROFT & PARTNERS**  
Northfield Road  
Rotherham  
South Yorkshire

Phone 01709-377881  
Fax 01709-369264

Emergency Telephone 08:30-1700 01709-377881  
24hr 112  
(Have this document to hand)

**2. Composition**

No hazardous components

**3. Hazards Identification**

Not considered harmful

**4. First Aid Measures**

Eyes Irrigate thoroughly with plenty of water for at least 10 minutes, holding the eye open. If discomfort persists OBTAIN MEDICAL ATTENTION.

Skin Wash off skin thoroughly with water.

Inhalation Remove from exposure.

Ingestion Wash out the patients mouth thoroughly with water. In severe cases or if exposure has been great, OBTAIN MEDICAL ATTENTION.

**5. Fire Fighting Measures**

Hazards Presents no specific fire danger.

Extinguishing Media Consider what other flammable materials are present and act accordingly.

Unsuitable Media Nothing specified.

**6. Accidental Release Measures**

Personal Protection Presents no major hazards.

Enviromental Presents no major environmental hazard.

Major Spillage Shovel/sweep up into container for removal Wash area down with copious amounts of water.

Minor Spillage Shovel/sweep up into container for removal Wash area down with copious amounts of water.

## 7. Storage & Handling

|                      |                                                                                                                                                                                 |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Handling Precautions | Avoid contact with skin and eyes. Do not breath dust. Do not allow to contaminate clothing.<br><br>Ensure Local Exhaust Ventilation maintains dust concentrations to a minimum. |
| Storage Conditions   | Well ventilated, cool, dry storage .                                                                                                                                            |

## 8.1 Occupational Exposure Limits

No prescribed exposure limits available

## 8.2 Personal Protection

|             |                                                                                                                    |
|-------------|--------------------------------------------------------------------------------------------------------------------|
| Respiratory | If process creates significant amounts of dust use L.E.V. or wear suitable dust mask.                              |
| Hands       | Wear gloves.                                                                                                       |
| Eyes        | Use chemical splash proof glasses or goggles.                                                                      |
| Skin        | Avoid contact with skin. If skin contact or contamination of clothing is likely, protective clothing must be worn. |

## 9. Physical & Chemical Properties

|                       |                     |
|-----------------------|---------------------|
| Appearance            | Grey solid.         |
| Odour                 | Odourless.          |
| pH                    | 8 @ 20 °C           |
| Boiling point         | 999.0 °C C          |
| Melting point         | 1500.0 °C           |
| Flash point           | Not available       |
| Upper Flammable Limit | Not available       |
| Lower Flammable Limit | Not available       |
| Auto Ignition         | Not available       |
| Explosive properties  | No.                 |
| Oxidising Properties  | No.                 |
| Vapour Pressure       | Not applicable      |
| Relative Density      | Not available       |
| Water Solubility      | Insoluble in water. |

## 10. Stability & Reactivity

|                                  |                                 |
|----------------------------------|---------------------------------|
| Chemical Stability               | Stable under normal conditions  |
| Conditions to Avoid              | No specific conditions.         |
| Materials to Avoid               | No specific materials to avoid. |
| Hazardous Decomposition Products | None.                           |

## 11. Toxicological Information

|                 |                                                                                                                                                                  |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eyes            | Contact with the solid or dust may be irritating to the eyes but unlikely to cause serious injury.                                                               |
| Skin            | Presents no significant hazard by skin contact.                                                                                                                  |
| LD50 Skin       | Not available                                                                                                                                                    |
| Ingest          | Presents no significant hazard by ingestion.                                                                                                                     |
| LD50 Ingest     | Not available                                                                                                                                                    |
| Inhalation      | Prolonged exposure to dust or fume concentrations above the occupational exposure limits may produce irritation of the eyes, nose, throat and respiratory tract. |
| Carcinogenicity | Not considered to be a carcinogen.                                                                                                                               |
| Mutagenicity    | Not considered to be a mutagen.                                                                                                                                  |

## 11. Toxicological Information (continued)

Reproductive Effects      None identified.

## 12. Ecological

No specific environmental hazard.

## 13. Disposal Considerations

Disposal Methods          Do not dispose of as domestic waste.

Contaminated Packaging    Wash out containers with water.

## 14. Transport Information

|                      |                |
|----------------------|----------------|
| Proper Shipping Name | Non-restricted |
| UN Number            | Non-restricted |
| UN Classification    | None           |
| Subsidiary Risk      | None           |
| Flash Point          | Not available  |
| Packing Group        | None           |
| Marine pollutant     | No             |
| ADR Hazard ID        | Non-restricted |

## 15. Regulatory Information

Labelling                  None  
Classification

Label Symbols            None

Risk & safety Phrases    None

EEC Number                Not available

## 16. Other Information

Document Information    This document has been prepared in accordance with directive 88/379/EEC.

The information contained in this document only covers the hazards presented by this material, it DOES NOT constitute a workplace risk assessment.

Revision Date:    9/04/03.
